With the first Four Nights full of content, and the occasional special during the launch period, Four Nights really was a treasure. It's been a bumpy ride in the market for games, and you probably heard some of the recent news. Our first event isn't even done yet, and we've already been notified that its monthly plan won't be continuing for another game. The Four Nights format will now be a limited event - on-going, free-to-play and exclusive to PC/Mac/Linux users. The Four Nights we've created will be your sole destination for Three Nights of three free games from our catalog of content, in three different formats. Four Nights itself will be a free event on Steam from November 17th to November 30th. Once again, Four Nights is brought

Players will need to explore a vast world using their natural instincts to survive. The jungle is a hunter's haven in which a female and male shark share it. Mating season is upon us so she wants to avenge her mate's death and she wants to eat his baby. That shark is not alone and players will need to choose who will they hunt first - the player or the shark! The more you eat, the faster you will evolve and become stronger. Get ready for a brutally bloody adventure full of survival and thrill! What's New Oog Oog will be upgrade to open world and the Shark city now. You will be able to find fossils all over the island and use the rocks as ammunition. You can also now pick up items after you kill a creature. Be sure to like our Facebook page : Pleasant surprise, right? We are really happy to announce that Oog Oog will be open-world, that means we took the time to completely change the concept of the game. Instead of exploring the islands, you will now explore a much bigger jungle world with all the features you need to survive: find food, fight other players, upgrade your skills and fight some huge creatures. One last but very important feature that we wanted to implement in this update was on-line multiplayer. Oog Oog will be released on December 4th and new content will be added before the end of the month: -Amnesia cave -Fight other sharks -Pick up more weapons -Find more fossils -Upgrade your skills -The possibility to mix-up your weapons We hope you enjoy this update and remember to

Steam, GOG, Amazon & DesuraGetogre-it.com Licence: \*PSP\*Gogogetogrey-it.com About Gogogetogrey-it.com Get ogre it is a visually stunning Metroidvania style platform game with puzzle solving, environmental exploration and item collecting. Embark on a magical journey through a vast, mysterious and surreal world to find a way back home. Play through an exciting story, take control of innovative abilities and use them to discover awesome and unique areas with different items, enemies and enemies. --- Into the meadow simulation game: The basis of the game is a small arboretum, a rather calm place, filled with flowers that might provide you with information or teach you something new, and build up a collection of herbs and minerals for you. To reach this goal, you have to evolve the arboretum: you'll be able to place seeds to the ground and watch them grow. When they mature and bloom, you'll be able to collect them and plant them somewhere else. The simulation game will have you test thousands of flowers, but also wild animals, weather, alien races and even visit the unknown. About Get Ogre it: The game is set in a fictional world of magical creatures called Ogres. Most Ogres spend their lives in a large, murky and ominous body of water called the Maelstrom. The main protagonist of the story is Famine, an ogre from the Maelstrom who believes she has been sent on a mission to a world of desert. She is attacked by shadow bandits on her way to this new world and she eventually enters a mysterious mountain town. There, Famine finds herself in the middle of an adventure that will show you a new world of flora, fauna, creatures and humans, but also help you discover the secrets of your home!
